# Digital Dentistry in Your Practice: What's New?

*If you have been thinking about investing in any technology, spend time with our teams and get your questions answered!*

## Participants will learn about:

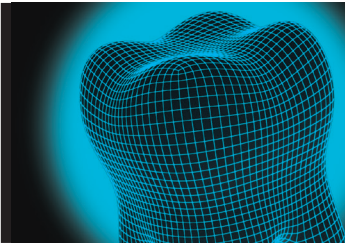

### About the Presenters

**Juan Montealegre** is the Director of Technical Operations at Apex Dental Milling in Ann Arbor, MI. He has been working with 3D printers since 2010, and was first introduced to additive manufacturing while working for the Department of Defense. He has spent time as an engineer at United Airlines and has over 3 years of 3D printing experience in the dental industry. **Paula O'Brien** is the Director of Sales and Marketing at Apex Dental Milling and is one of the original members of the staff starting in 2008. **Nick Brigham** received his BS in Biology from the University of Michigan in 2013 and has experience as a dental assistant and laboratory technician specializing in digital workflows. He started working at Apex Dental Milling in the summer of 2013 and is now our lead designer.

- **CAD/CAM and Clinical Practice:** How does it all fit together?
- **3D Printing:** Should I buy a printer for my office?
- **Materials available:** What can be milled and printed?
- **Working with your laboratory:** Best digital practices.

**Interactive process on impressions,  
 design, milling and 3D Printing**
