Clinical Tips

- Use **My-Shield** where patients can see.
- **My-Shield** is great for use in between patients
- Allow **My-Shield** to dry before putting on gloves

"IT DIDN'T DRY OUT OR IRRITATE MY HANDS."

Evaluators' Comments

"Foams and evaporates quickly."

"My hands did not feel as dry as with other hand sanitizers."

"I like that it dispenses as a foam."

"My hands felt slightly sticky at first."

"Would like a fresher scent, maybe some type of essential oil."
